Choose a gift.....help save a life

Potter's Village is a Child Crisis and Medical Centre in Kisoro, South West Uganda, established in 2007 by the Rev Canon Jenny Green, who saw that many new born babies did not survive when their families were unable to care for them. Potter's Village now performs a critical service in the community, is well established and respected and has saved the lives of many children. In 17 years it has developed to include a Medical Centre, Special Care Nursery and Rehabilitation Centre for Children with Disabilities.

Potter's Village works closely with the local community. When the babies leave the Crisis Centre they and their families continue to receive support. The families return to PV once a month for medical checks and to receive their support.

The gifts in this catalogue were all suggested by staff at the Potter's Village and are items that they can buy locally which will be useful to them. Thank you for buying an Alternative Christmas Gift.
