complete the online form on our website or

send the form to Mrs Ruth Mondal, C/o Friends of Potter's Village, 48

Norreys Avenue, Wokingham, RG40 1UG.

Choose a gift.....help save a life

Potter's Village is a Child Crisis and Medical Centre in Kisoro, South West Uganda, established in 2007 by the Rev Canon Jenny Green, who saw that many new born babies did not survive when their families were unable to care for them. Potter's Village now performs a critical service in the community, is well established and respected and has saved the lives of many children. In 19 years it has developed to include a Medical Centre, Special Care Nursery and Rehabilitation Centre for Children with Disabilities, alongside the community support work and for some older children help with schooling.

Potter's Village works closely with the local community. When the babies leave the Crisis Centre they and their families continue to receive support. The families return to PV once a month for medical checks and to receive their support.

The gifts in this catalogue were all suggested by staff at the Potter's Village and are items that they can buy locally which will be useful to them. Thank you for buying an Alternative Christmas Gift.

How it works

Potter's Village has identified gifts that will help save the lives of children in Uganda. You simply choose a gift for a relative or friend and we'll send you one of our cards for you to give them, with details of the gift.

Proceeds from these gifts, are sent directly to Potter's Village.

3 Easy Steps

1. Choose the gift (s) you want to give
2. Pick your free card, which we will send to you with details of your gift
You can then personalise the card and send it to your friends or relative, to tell them about their gift
3. Place your order
Simply complete the online order form on our website or return the paper copy by post or email to pottersuk@gmail.com

Happy shopping!
